EDUCATORS' CLUB

Vision and Mission Statement: Educators' Club envisions every educator as a valued member of the society, deserving respect and recognition. The club's mission is to unite the school leaders and give them a platform where they feel treasured and free to express themselves. At the same time, the club helps schools improve the quality of education as a joint effort by emphasis on professional development of teachers, workshops, exchange of best practices. The club also aims to take up international exchange programs to adopt and introduce salient features of Foreign Education for the benefit of our learners.

'The main objective of education, in my opinion., is the establishment of a two-fold harmony in every individual- harmony within his own self and harmony with other living being in the whole world'

- Rajendra Prasad

Driven by the true purpose of education, Educators Club was conceptualised and came into existence, under the presidency of Sh. Ramesh Dagar, the founder President of the club. This club brings together eminent and renowned Educators, who are constantly working as harbingers of a positive fruitful change that makes a difference in lives of the learners of today and leaders of tomorrow. He has been selected unanimously as the President of the Club for the second tenure, owing to his leadership, perseverance and dedication.

Educators' Club is a platform that provides an opportunity of expression of thoughts, beliefs and collaborate to combat against all odds. The club is more of an extended family, where every member feels valued, important and supported. The guidance of the advisors, Sh. C. B. Rawal, Sh. S.S.Chaudhary, Sh. H.S. Malik, Sh. Anand Mehta, Sh. S P S Dagar, Sh.S.S. Gusain and Sh. V.K. Chopra is the backbone of the club.

DR. RAMESH DAGAR

President - Educators' Club

Chairman - New Delhi Public School (Palwal)

Chairman - Rahul Public Sr. Sec. School (Faridabad)

It gives me immense pleasure and happiness to present to you the Fourth Edition of our very own Educators' Club Magazine 'Educator'.

I extend my sincere thanks to the loyal educators who inculcated such capabilities in me and elected me again as the 'President of the Club'.

I felt confident to be able to discharge my duties and responsibilities as the President of the Club. Also, I thank all the people who trusted and have put their faith in me.

Haryana Educators' Club was founded with the basic aim to improve the quality of education in our society and re-establish the honour of the educators.

Today our Haryana Educators' Club has become 'Educators' club' as it has crossed the borders and joined hands with the schools of other states as well. We have collaborated with schools in Mumbai, Mathura, Meerut, Delhi, Gurugram, Palwal, Kosi, Rohtak, Painpat, Sonipat, Rewari, Mewat and more.

We are a big family who takes pride in celebrating festivals together.

I strongly believe that "We can earn alone but we cannot enjoy alone."

Happiness stays with them who keep zero distance between thoughts and expressions. We at Educators' Club also believe in recognizing and appreciating the efforts of our fellow educators. Every year we organize an Award Ceremony to honour achievers in this field.

The Club's Mission is to Unite the School Leaders and give them a platform, where they feel treasured and free to express themselves.

SHRI NITIN GADKARI

Minister of Road Transport and Highways of India
Govt. of India

Honoring educators as society's beacon underscores their pivotal role in leading generations toward enlightenment and advancement. These committed professionals transcend traditional teaching; they inspire, provoke, and empower learners to investigate and achieve their utmost capabilities.

As Marian Wright Edelman eloquently states, "Education is for improving the lives of others and for leaving your community and world better than you found it." This sentiment underscores the profound societal impact educators have, far beyond the confines of their classrooms.

The initiative spearheaded by the Educators Club, under the visionary guidance of Mr. Ramesh Dagar(President) has been nothing short of revolutionary. By bringing together Principals from various backgrounds under one unified umbrella, they've fostered an unparalleled synergy within the educational community.

This collaborative platform not only facilitates the exchange of innovative ideas and best practices but also strengthens the support network amongst educators. Mr. Dagar's foresight in recognizing the power of unity and collaboration has set a commendable precedent. This initiative is a testament to the potential of collective effort in elevating the standards of education and shaping the future of our students.

Ken Robinson also contributed a powerful thought: "Great teaching is about the quality of relationships; it's not just about information, it's about inspiration." This quote captures the essence of Educators Club as a human-centered endeavor where emotional bonds and mutual respect drive learning and growth. In a world fraught with challenges, educators embody hope for the future, believing in the untapped potential of their students.

My best wishes to the Core-Team of Educators Club for the coming springs so that they bloom to the fullest awarding the world it's world.

MR. C B RAWAL

Advisor - Educators' Club
President - Rawal Educational Society

Heartiest Congratulations for the fourth edition of 'Educator'. It is always a pleasure to flip through the pages of accomplishments and beautiful memories created through the year. Being in the field of Education for over three decades, I advise every educator to explore the latest trends in teaching methodologies, delve into groundbreaking research to shape the future of education.

As the advisor of the club, I invite all the Edu leaders, to Join this remarkable community as we embark on a quest to unlock the full potential of education and empower individuals to thrive in an ever-evolving world.

I congratulate Dr. Ramesh Dagar, president of the Educators' Club for his new tenure and extend my good wishes to the entire team.

MR. SURINDER SINGH CHAUDHARY

Advisor - Educators' Club

Educators are unsung heroes. A righteous academician can make a key difference in the manner in which a society conducts itself, especially when rife with all kind of vices that attract and corrupt the youth. As the advisor of this club, I express my gratitude for the commitment and perseverance in the educators in their various capacities. As a club, we have a compassionate community of fellow educators who support and sustain each other by sharing the successes and trials, and by joining forces on ways to advance themselves.

I congratulate to the President MR. RAMESH DAGAR and his team and I look forward to being a part and parcel of this exceptional and exclusive club of elite, like-minded people with a vision to bring about a progressive and constructive change.

MR. H S MALIK

Advisor - Educators' Club

Heartiest congratulations to the dynamic team of Haryana Educators Club for bringing out the fourth edition of its magazine. Dear Sh. Ramesh Dagar, President of the Club and his team members have worked tirelessly to bring all eminent educators on a common platform and have synergised their collective educational wisdom for the betterment of society. HEC regularly organizes various recreational and cultural get togethers of its members thus fostering enhanced bonhomie among the members.

I once again wish the leadership team and the members of the club the very best.

FROM THE ADVISORS' DESK

MR. S P S DAGAR

Advisor - Educators' Club

The Club is touching highest heights and aims in the Presidentship of Dr. Ramesh Dagar and his core members team by providing all types of guidance, training, co-operation, recognition, recommendation and awards. Since beginning day of club, it is making sincere efforts for developing skills of management, Devotion towards Education, Discipline in the field of Social working and Education. Club has met all the challenges in a very smoothly manner and has arranged festivals of celebrating Holi & Diwali. I hope that club will prove more helpful in the field of Education specially in providing Moral Education and Quality Education, under the leadership of Dr. Ramesh Dagar and his team.

MR. ANAND MEHTA

Advisor - Educators' Club

Our heartiest congratulations to Sh Ramesh Dagar & his dedicated team for bringing out the 3rd edition of Educators Club magazine.

The whole team is doing exceptionally well in the field of education . Any upcoming country like India needs to have strong foundation in education as well health care . Let's all join hands together to further improve our education system with new skills and education for everyone to see better educated India.

My best wishes n Keep up the good work.

MR. S. S. GUSAIN

Advisor - Educators' Club

The Educators Club, an association of the educational entrepreneurs and dedicated educationists of North India. The prospectus of the club covers it's aims, objectives, functions and practical applications achievable through wide interactions. Undoubtedly, members of the club are well recognized educationists imparting quality education to the younger generation of the country and have scaled several heights.

I appreciate the efforts of Dr. Ramesh Dagar, in whose mind an idea conceived to devise tools to ease the tensions of dedicated educationists, subsequently Dr. Dagar successfully planned to establish a club for the educationists of Faridabad. The club expanded its area of operation beyond the boundaries of Faridabad.

I personally feel that Educators' Club is first of its kind to think of the welfare of the educationists.

FROM THE ADVISORS' DESK

MR. V K CHOPRA

Advisor - Educators' Club

In the intricate tapestry of society, where vice often ensnares the youth, a noble academic stands as a beacon of hope and transformation. Educators are not merely teachers; they are architects of the future, guiding young minds through the labyrinth of life with wisdom and encouragement. I extend my deepest admiration to the educators for their relentless pursuit of educational excellence and their indelible impact on the lives of young individuals. Their commitment to fostering a nurturing environment where education thrives is nothing short of inspirational. The Educators' Club, under the visionary leadership of President Mr. Ramesh Dagar, exemplifies unity and innovation, creating a sanctuary for educators to share, support, and inspire one another. His unparalleled initiative in uniting educators under this noble banner marks a historic milestone in educational advocacy. I salute Mr. Dagar and every educator who contributes to this vibrant mosaic of change. Good wishes to all!

FROM THE VICE PRESIDENT'S DESK

MS. MAMTA WADHWA

Vice President - Educators' Club

'Experts are not born; they are made' - If we were to delve into the past, there is much evidence to suggest that talent and competence transcend all ages. The drift from rote learning towards the development of cognitive skills and competence is palpable in the changes happening around us. Therefore, it is our foremost duty to help develop and promote a balanced approach to education, one that places equal emphasis on the development of life skills and academic brilliance. In doing this, we must provide the tools indispensable to navigate through the complexities of the modern world imbued with a broad spectrum of endless possibilities.

MS. ANITA GAUTAM

Vice President - Educators' Club

Celebrating educators as the torchbearers of society highlights their indispensable role in guiding generations towards enlightenment and progress. Uniting educators under one umbrella to exchange ideas is a powerful initiative very successfully undertaken by Mr. Ramesh Dagar, President, Haryana Educators' Club as it fosters collaboration, innovation and growth in the educational landscape. This gathering is akin to converging various streams of knowledge into a single, mighty river - rich with the potential to carve out new paths for learning. The words of Sydney J. Harris resonate deeply in the context of education: "The whole purpose of education is to turn mirrors into windows." This metaphor beautifully illustrates the transformative journey educators facilitate, guiding students to look beyond themselves and out into the wider world.

Godspeed to all!

MR. ANIL RAWAL

Pro Chairman - Rawal Educational Society
Coordinator - Educators' Club

In the dynamic landscape of education, staying ahead of the curve is essential to nurturing a learning environment that equips students for success in the 21st century. As guardians of academic excellence, the members of Educators' Club have always been supportive of elevating and strengthening each other and growing together. Educators' Club has successfully created a community of Educationists who are committed to embracing change and charting a course towards a brighter tomorrow for our students and communities.

As we present to you the fourth edition of the magazine 'Educator', I sincerely hope that you enjoy traversing through the pages of the various milestones we created together. Looking forward to achieving greater heights and conquering new milestones as we are headed towards a common goal, holistic development of the future Global Citizens.

MR. GAURAV PARASHAR

General Secretary - Educators' Club

The landscape of education is constantly evolving. New technologies emerge, society needs shift, and the very definition of "learning" takes on nuanced forms. Yet, one constant remains: your dedication to shaping the minds of tomorrow. This magazine serves as a vital platform for educators to connect, share ideas, and navigate the ever-changing terrain of our profession. Within these pages, you'll find articles that address the pressing issues you face in your classrooms, from integrating technology effectively to fostering a love of learning in a diverse student body.

Let's use this opportunity to not only learn from each other's experiences but also to celebrate the transformative power of education. We have the privilege of igniting curiosity, nurturing critical thinking, and empowering young minds to become responsible and engaged citizens.

Here's to the tireless work you do every day! May this magazine be a source of inspiration, practical guidance, and a reminder of the profound impact you have on the future.

MR. UDHAM SINGH ADHANA

Treasurer - Educators' Club
Director - Sainik Public School

As we reflect on the past year and anticipate the journey ahead, it is with great pleasure that we present to you our annual magazine, showcasing the remarkable achievements and collective endeavors of our educators' club. In the pages that follow, you will find memorable stories of celebration, dedication and collaboration from our members who have tirelessly worked to enhance the educational experience for our students and communities. From implementing cutting-edge teaching methodologies to organizing impactful community outreach programs, our educators have truly embodied the spirit of excellence and service.

As we look forward to the year ahead, let us remain steadfast in our mission to empower educators, nurture future leaders, and shape a brighter tomorrow through education. We extend our heartfelt gratitude to all our members, partners, and supporters for their unwavering dedication and contributions. Together, we will continue to inspire, innovate, and make a difference in the lives of those we serve. Thank you for being a part of our journey.

MS. RAKHI VERMA

Secretary - Educators' Club
Principal - Rawal Public School

It fills me with immense pride as we unveil the latest edition of 'Educator', packed with inspiring milestones scaled by the club under the able leadership of Dr. Ramesh Dagar. Education is a superpower which can equip an individual with ability to move the mountains, build bridges, scale the universe and achieve even the unimaginable.

As the landscape of education has changed and evolved with advent of NEP, NCF, NCeF and lots more, it is significant for every educator to stay updated and keep the learners informed. Educators' Club is a platform which brings together seasoned educators, stalwarts in the field of education, passionate and aspiring principals, hence there is a lot to share and learn from each other. Just like the true essence of education, the club too is a powerful equalizer where everyone comes under one umbrella to collaborate and grow.

Looking forward to learning and evolving together!

MR. VINAY GOYAL

Joint Secretary - Educators' Club

THE CHANGING LANDSCAPE OF INDIAN EDUCATION

The landscape of education is undergoing a transformation with the introduction of a new policy aimed at revamping the way we teach and learn. The implications of this policy are vast and far-reaching, promising to reshape the future of education in profound ways. One of the key features of the new education policy is its emphasis on flexibility and inclusivity. By promoting a multi-disciplinary approach, students will have the opportunity to explore a wide range of subjects, breaking down traditional silos and fostering a more holistic understanding of the world. Recognizing the importance of equipping students with practical skills that are relevant to the demands of the job market, the policy seeks to integrate vocational education into the mainstream curriculum. This will enable students to acquire valuable skills early on, increasing their employability and empowering them to pursue diverse career paths. Furthermore, the new education policy places a strong emphasis on technology and innovation. In addition to these changes, the new education policy also seeks to promote research and innovation in the field of education.

MR. DEVINDER CHAUDHARY

Legal Secretary - Educators' Club

I congratulate all the educationists on the release of new edition of the magazine – Educator. Educators Club fosters engagement and maximizes potential of each associated member and hence, serving the Nation in a unique way by strengthening the Education System.

It is a platform that empowers every individual and you will witness this in the leaves of the magazine. I look forward to newer accomplishments as we steer ahead in this education journey.

MS. DEEPTI JAGOTA

Secretary - Training and Augmentation, Educators' Club
Principal - D.A.V. Public School, Sector-37, Faridabad

Education being an important industry, the 'educator' is the pivot of this education system. The educator's competency can only be achieved by creating a friendly, permissive atmosphere, where 'freedom', 'fellowship' and 'comradeship' are the keywords. The Educator's Club, under the competent stewardship of Mr. Ramesh Dagar- President has successfully achieved this by providing an intellectual, rational and lucid platform to engage with each other. The Club also awards and rewards and provides the much needed entertainment occasions to break away from the mundane life and rejuvenate. I salute the spirit of camaraderie and bonding created by the club and wish for many more educating and entertaining endeavours in future.

DR. C V SINGH

Executive Member - Educators' Club
Principal - Rawal International School

The vision of NEP 2020 is to help and enable the students feel pride in being Indian in thought, spirit intellect and deeds. It is to promote Knowledge, Skills, Values, Responsibility, Sustainable Development and to live for global well being.

Educators Club is a universe of finest brain, pure souls and core educationist to promote and follow the guiding principles of NEP 2020 in true letter and words which state that the purpose of education is to develop good human beings, capable of rational thoughts and action, possessing compassion and empathy, courage and resilience, scientific temper and creative imagination with sound mooring and values.

As an executive member of educator club I feel pride to express that this club tirelessly works to add value to school education through various activities, seminars, talks, formal and informal meetings. Obviously this club will play a yeoman service in creating a flexible, student friendly and skill based schooling which is the core value of New Education Policy 2020. I am overwhelmed by the commendable work done by this club.

MR. AJIT DAGAR

Executive Member - Educators' Club

Being a part of the Haryana Educators Club is indeed a privilege. This esteemed group is dedicated to implementing educational policies aimed at empowering students to transcend conventional boundaries. Each initiative undertaken by the Haryana Educators Club represents a progressive stride towards collective efforts aimed at rejuvenating spirits and fostering the holistic development of children. Heartfelt gratitude to Mr. Ramesh Dagar for providing this exceptional platform for interaction and mutual growth.

MR. AMAN SALUJA

Additional Secretary IT - Educators' Club

Educators, the architects of our future, wield the power to transform society through knowledge, truly embodying the principle that Knowledge is Power. Their unwavering dedication shapes tomorrow's leaders, a mission greatly enhanced by Mr. Ramesh Dagar's visionary leadership in the Educators' Club. His efforts have not only united educators on a unique platform but have also embraced the transformative potential of technology, ensuring that we remain at the forefront of educational innovation. We are proud and honored to contribute to this noble quest, aiding with technological solutions that empower and enlighten.

MR. SUNIL DANGI

PRO - Educators' Club

Education: Key to Success. Education fuels dreams, ignites curiosity, and empowers individuals to shape their destinies. From classrooms to communities, it transforms lives and drives progress. Let's invest in education, unlocking opportunities for all. Together, we can build a brighter future where every learner thrives and achieves their full potential.

MR. MOHIT AGGARWAL

PRO - Educators' Club

It is a proud moment for all associated with Educators' Club as the fourth edition of the magazine is being rolled out. The latest reforms in Education encourage Integrating technology into the classroom as it opens up a world of possibilities for interactive learning experiences and global collaboration. Let us together explore innovative ways to leverage technology to enhance teaching and learning outcomes.

MS. NIHARIKA DAGAR

Director - Rahul Public Sr. Sec. School

It's been said that Education is the most powerful weapon that we can use to change the world. The world is becoming smarter and for this smart world we need creatively smart educators to spread education. I am thankful to our President Dr. Ramesh Dagar for bringing all the smart creative brains under one roof of the Educators' Club. I am thankful for all educators for brainstorming and bringing new ideas for education. For these types of brainstorming we need to refresh our mind from our day to day life and Educators' Club has always taken care of it with wonderful celebrations of every festival with friends and family.

I congratulate the wonderful team of Educators' Club for the fourth edition of the magazine 'Educator'.

Building Educator Readiness.

On sere mountains and dry deserts, where winds blow, fine particles of soil and more travel, land as per whims of the blowing winds and are picked up to travel more and land elsewhere. To the superficial eye, there is little possibility of life in these daunting landscapes. Yet, the wise know that having travelled afar with the winds, seeds lie embedded in impossible crevices or beneath the dry sand dunes.

Being seeds, they understand patience and believe in hope. They know change to be real. And rain they await with faith does come, bringing with it immense possibilities. Seeds absorb the moisture and seize the opportunity to burst into life and the landscape stands conquered.

An opportunity awaited is not lost.

My focus here is on self-belief, a live hope and a conscious readiness to seize the moment, the opportunity which alters the both the present and the future.

As Educators

As educators who have wilfully chosen to bring knowledge to fruition, bring young lives well -equipped to the world stage, we know that our work empowers not just individuals and local communities but our country and the very globe itself. The ripples we set off can affect eternity. Therefore, our being in a state of readiness to seize opportunities makes wholesome sense.

Our Gamut

Intrinsic to our role as educators are all efforts that enable us to understand our environment and all factors that define it and impact it. When readiness is a priority, concerted effort on skills, assertiveness and resourcefulness to be built, critical analysis of performance posted to be done and above all, a clear sense of direction forward to be evolved - all this becomes both timely and indispensable. Readiness cannot be an accidental arriving. It has to emanate from deliberate choices and conscious efforts.

These choices and efforts make necessary our constant unlearning, re-learning, re-designing, re-structuring one's work areas with peer colleagues, students and even parents alongside the wider community. They involve anticipating changes that will constantly alter the status quo, create both moments of victory and discomfort and compel one to see positively the constantly evolving fabric of educational practices as a challenge that defies any permanent resolution. The quest has to be constant.

For instance, building one's readiness as an educator to use NEP-2020 a powerful tool for self-transformation and pedagogical transformation is both imperative and incumbent for our fraternity. Every educator's effort and contribution will matter for India's success because no child or school can be left behind in any region of India. It a bold document for bold changes in fluid, fast evolving universe of learning where structural changes in school cultures, play forms for leaning, assessment practices and the analysis of performance posted, comparative studies to assess local and regional proficiency in core subjects, teacher training to bring all educators to the equal state of readiness, while keeping region specific sensitivities protected is a daunting task. NEP-2020 is calling for a paradigm shift in educational priorities, wider canvas of active learning methodologies with experiential learning, art integration, sports integration, multilingualism, vocational skill building becoming widely prevalent educational realities. Equally important is its thrust on SDG goals, pride in identity as Bhartiya citizen, strong cultural affinity and respect for heritage and diversity of India as enshrined in the Constitution of India. Are we thinking about NEP-2020 in our individual and collective entity and acknowledging this responsibility?

Multi - Faceted Challenges

Challenges, identified correctly and addressed creatively, mean opportunities for purposeful growth. Today, we see educators grappling hard with building own tech-proficiency to teach tech savvy learners many steps ahead, balancing tech -integration with human connect, revising pedagogies for competency based outcomes , recognising individual difference in learning environment as real with differentiated strategies to follow, creating space for mental wellness of self and keeping a hawk eye open for wellness of students under care , collaborating with parents and bringing school's cultural ethos to life in addition to countless related duties at school . The call is not easy.

Meeting such challenges is an ongoing quest for an aspirational educator who is clearly determined to be in a state of readiness to seize the moment for positive growth.

Being ready is mighty important. No two ways about it.

Unlocking Success: The Vital Role of Career Guidance & Psychometric Assessments in Indian Education

Essential in K-12 education, career guidance and psychometric assessments empower students to navigate their academic and professional paths with clarity and informed decision-making.

Early Exploration: Career guidance fosters early career exploration, ensuring students embark on their academic journeys with clarity and purpose, preventing feelings of uncertainty.

Self-awareness: Psychometric assessments offer deep insights into students' strengths, interests, and traits, empowering informed career decisions aligned with individual aptitudes and fostering fulfillment in chosen paths.

Stress Reduction: In the high-pressure Indian education scene, career guidance offers relief, showcasing diverse success paths and promoting choices aligned with students' passions, fostering a healthier academic and professional mindset.

Aligning Education with Career Goals: Career guidance aligns subjects and extracurriculars with students' career goals, enhancing academic readiness and equipping them with essential skills for success in their chosen fields.

Improving Academic Performance: Clarity on how education aligns with career goals boosts student motivation and engagement, leading to enhanced academic performance and a stronger commitment to excellence.

Addressing Skill Gaps: Psychometric assessments identify skill gaps, enabling career guidance programs to provide targeted interventions, enhancing employability in a competitive job market.

Career guidance and psychometric assessments are vital pillars of the Indian education system, empowering students to pursue their passions with confidence, yet efficient access is crucial for success.

How can eMango Help?

- 1. Explore:** Emango's career guidance portal offers extensive resources on careers, colleges, exams, enabling students to plan their academic and professional paths meticulously
- 2. Find Best Fit Career:** Emango's Psychometric Assessments, developed with IIT-Delhi, provide unmatched insights into students' strengths, interests, and skills, aiding informed career decisions
- 3. Choose the Right Path:** Emango empowers students to confidently pursue their chosen paths, equipped with the knowledge and clarity essential for navigating today's job market complexities.

Emango has significantly impacted over 2.5 lakh students in India, trusted by 100+ schools and state governments, serving as a guiding light for students' professional journeys
